

## HMV HK

HMV.com.hk focuses on providing an authoritative range and depth of selection that is superior to that of its competitors, including hard-to-find recordings and a large number of back catalogue titles.

HMV.com.hk's online shop provides worldwide categories to all people by user friendly clicks and search engine. HMV is one of the most popular Music & entertainment web-site.

The screenshot shows the HMV.com.hk website homepage. At the top, there is a navigation bar with links for 'My Basket', 'Sign In', 'My Account', 'Store Location', 'HMV Worldwide', and 'Help'. Below this is a banner for Sony Walkman X1000 series. The main navigation menu includes 'home', 'albums', 'dvd', 'vcd', 'chart', 'recommended', 'coming soon', 'accessories', 'games', and 'ringtones'. A search bar is located below the navigation menu. A promotional banner for Jason Mraz's 'The Beauty In Ugly' track is visible. The main content area features a 'album of the week' for Green Day's '21st Century Breakdown' priced at \$99, and a large advertisement for Eminem's 'Relapse' album, which is 'order now' and includes a limited edition Octopus cover. A 'sale now on' banner advertises music from \$49 and DVDs from \$55. On the right side, there is a 'Weekly Top Asian Albums' list. At the bottom, there are quicklinks for 'my account' and 'newsletter', and a 'music new releases' section.
